

COLEGIO DE EDUCACIÓN
ESCUELA GRADUADA EN EDUCACIÓN

7.Ability of completers to be hired in education positions for which they have prepared (advanced level)

Data for 10 completers for EMLE, CURT, COUN and SCPS programs was reported (Table 1). A total of 3 completers (30 %) represent the EMLE program; 1 (10%) completer represents the CURT program; 3 completers (30%) represent the COUN Program, and 3 completers (30%) represent the SCPS program.

Only one completer (10%) representing the CURT program is employed at a position related to their specialty area. It is important to note that completers for both COUN and SCPS programs need a license in order to practice their profession. This requires completers to apply, take and approve a licensing examination test (PR Psychologists Examination Board; National Counselor Examination). These tests are usually administered twice a year, so completers have to sometimes wait between four to six months to apply for them.
